AVYAGRAHA RESEARCH AND ANALYTICS LLP
PRESENTS

REGISTRATIONS OPEN

PyBio-10

Python for Life Sciences

10-DAY HANDS-ON TRAINING PROGRAMME

From the bench to the code. Learn to clean, analyse, visualise and model your biological data in Python, taught live by Dr. Avinash Gopa and team.

No prior programming experience needed.

LAST DATE TO REGISTER: 15 NOV 2026, 5 PM

```python
# Day 7: your first sequence scan
from Bio import SeqIO
from Bio.SeqUtils import gc_fraction
for r in SeqIO.parse("genes.fasta", "fasta"):
    print(r.id, gc_fraction(r.seq))
```

10	20 h	3 mo
live evening sessions	hands-on coding in Colab	access to recordings

BONUS **20+ AI tools for research**
A curated introduction for every participant

10 days. 10 skills.

D01	**Inauguration · Python foundations**	Colab notebooks, variables, data types, operators
D02	**Thinking in code**	Data structures, conditions, loops, functions
D03	**NumPy for scientific computing**	Arrays, broadcasting, vectorised calculations
D04	**Pandas for lab data**	Clean, validate, merge and reshape datasets
D05	**Publication-ready visualisation**	Matplotlib, Seaborn, multi-panel figures
D06	**Biostatistics in Python**	t-tests, ANOVA, regression, assumptions
D07	**Biopython: sequence analysis**	FASTA, GenBank, translation, BLAST
D08	**Omics data handling**	Expression matrices, FDR, volcano plots
D09	**Machine learning for biology**	Classification, evaluation, clustering, PCA
D10	**Capstone and valedictory**	End-to-end analysis, presentations, e-certificates

Who should join

- UG, PG and PhD students in the life sciences
- Faculty, scientists and research associates
- Biotech, Microbiology, Biochemistry, Genetics, Botany, Zoology, Agriculture, Horticulture, Forestry, Veterinary, Pharmacy, Medical and allied sciences
- Pharma, agri-biotech and healthcare professionals

You walk away with

3-month recordings
Revisit every session

Code notebooks
Reuse in your research

Capstone projects
Showcase on your CV

Certificate
On completion

AVYAGRAHA
RESEARCH AND ANALYTICS LLP

PROGRAMME COORDINATOR

Dr. Avinash Gopa
Founder & CEO, Avyagraha
Former ICMR Project Scientist-II

(PhD, ICAR-IARI)

DATES
16 – 26 Nov 2026
Sunday (22 Nov) holiday · 10 live sessions

TIMING
6:30 PM – 8:30 PM IST
Online · Live and hands-on

FEE

Students	₹ 1,499
Professionals	₹ 1,999

Inclusive of GST · Limited seats

Reserve your seat
